

If you choose inferior strength non-accredited formply, you're

DEAD WRONG

A number of deaths in the workplace have been directly attributed to using inferior formply that failed tests for strength and reliability.

Don't risk it!

Insist on only genuine, trusted and dependable EWPAA/PAA accredited formply on your site.
A life just might depend on it.

CHECK THE FACTS

Refer to the PAA Engineered Wood Products Association of Australasia web site:
www.ewp.asn.au

An accredited body listed under
Registration No. S1220792AS
QUALITY SYSTEM CERTIFIED TO
AS/NZS/ISO9001
www.jas.anz.com/au/register

**Engineered Wood Products
Association of Australasia**
